ICEMAN TRAINING DUMMY SERIES

WHAT IS THE ICEMAN TRAINING DUMMY?

Iceman Training Dummy is a sports equipment specially designed by Fly2Catch and suitable for different sports branches.

With its adjustable size, it helps athletes train efficiently.
With its light and compact design, it can be easily carried and offers the opportunity to train wherever you want.
Iceman increases performance with real player feeling and correct positioning skills development features.

It is made of durable materials and provides long-lasting use. It can be used in sports such as basketball, volleyball and handball and can be adjusted according to the height of the athletes.
Iceman Training Dummy allows athletes to train effectively and efficiently.

Another advantage is that it takes you one step ahead of your competitors by providing a corporate appearance to users.

The World's First Models

On its way to becoming a leading brand in the sports equipment industry, Fly2Catch proudly and excitedly presents a brand new series to offer athletes and coaches a special training experience: ICEMAN SERIES

The models in this series attract attention with their special design and unique features, as well as being a first in the world.

ICEMAN 2 Hands Up

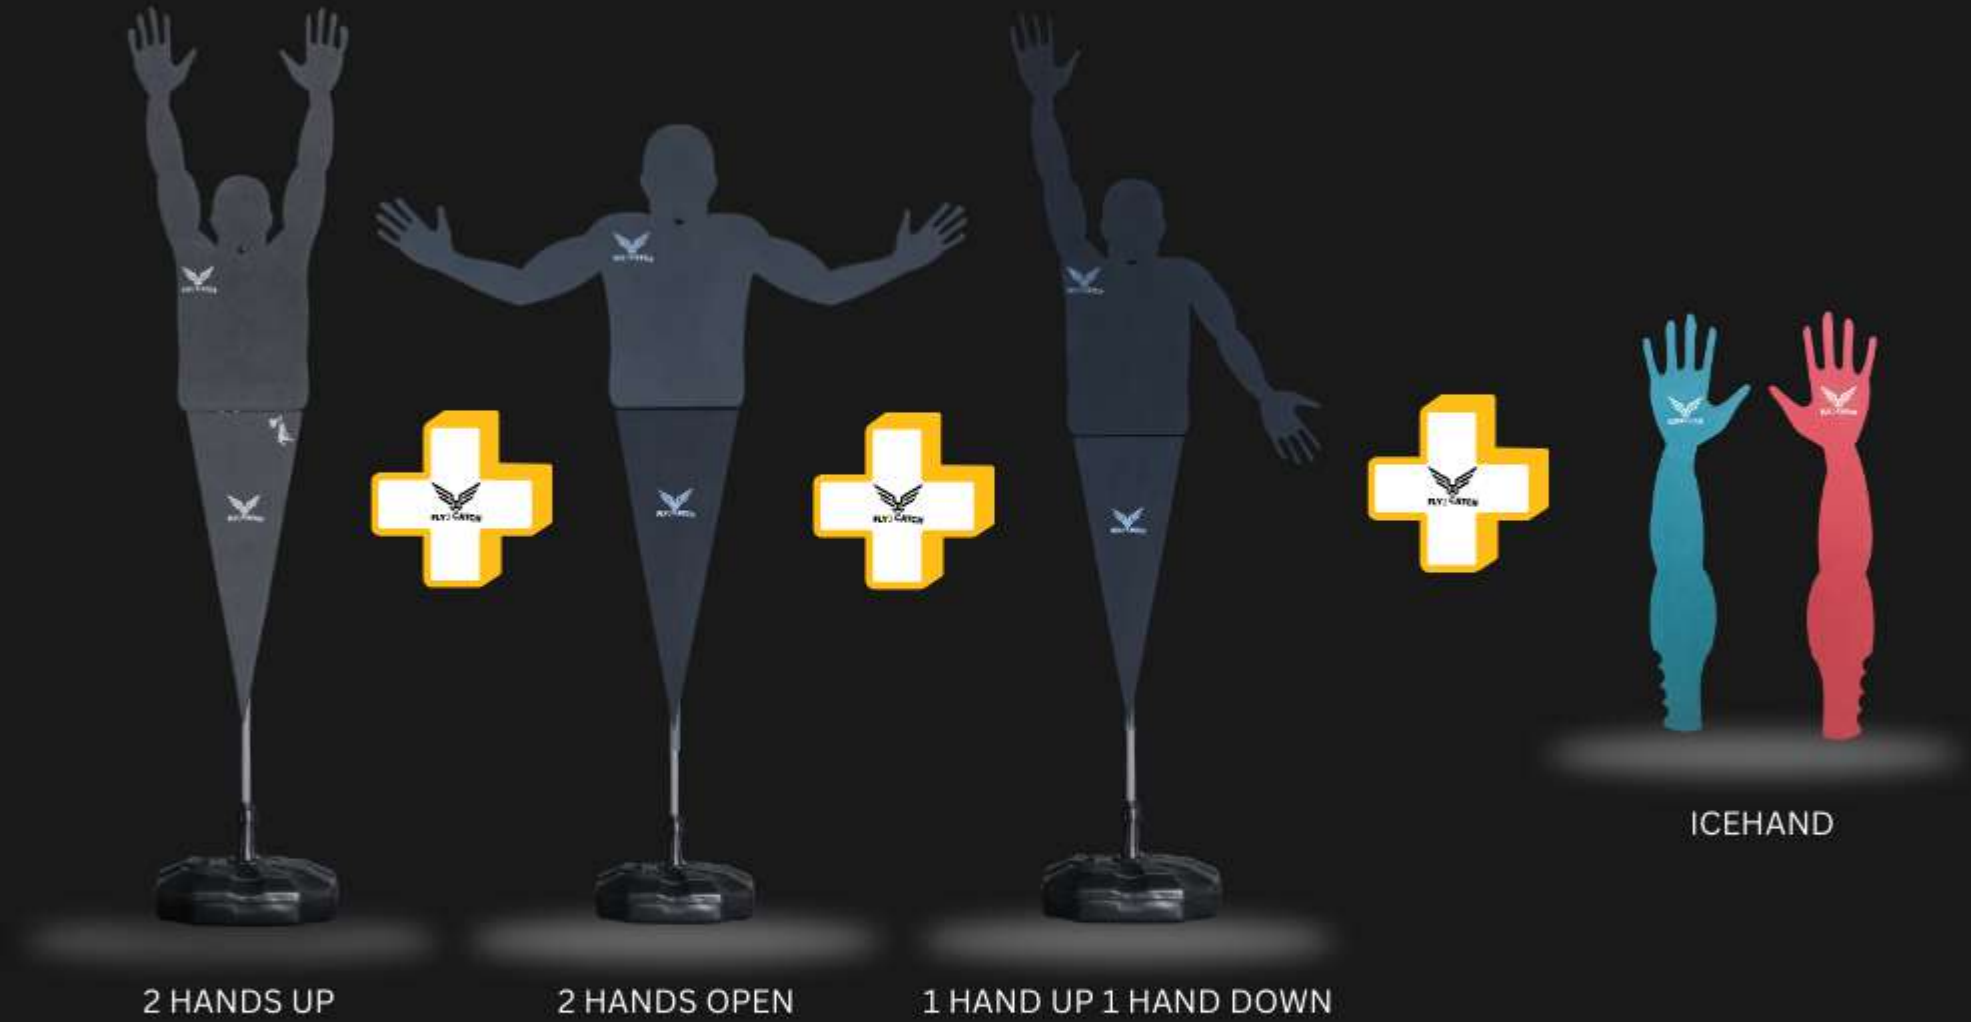

This model, which stands out with its dimensions suitable for all age groups, unlike the standards, is the world's first small model, bringing a new breath to the training world.

ICEMAN 2 Hands Open -ICEMAN 1 Hand Up 1 Hand Down

Our two new models, the world's first models, stand out with their unique designs and superior performance. These models, which are exclusively designed by Fly2Catch, add a special touch to your training.

Another Brand New Feature

The Iceman Basketball Training Dummy is now even more advanced!

With its brand new ball handling feature, it offers a unique experience that allows athletes to perfect their shooting, dribbling and foot skills.

Our apparatus, mounted with the help of a nut clamp system and a specially designed ring, provides the opportunity to work closer to the ball and more effectively with Iceman.

This feature is designed to make your workouts more efficient and fun.

This special feature, developed with Fly2Catch quality, makes Iceman a unique equipment that distinguishes it from other training models.

Customer comments

Our references

Basketball Coach Metehan Ç. :

The Iceman Training Dummy has been a great training tool for my team. We use it especially in drill and shooting exercises. Thanks to its durable structure and adjustable dimensions, it helps my athletes improve their techniques. I definitely recommend

Basketball Player Ebru Y.:

I make my training more efficient with the Iceman Training Manikin. I use it in my ball control, shooting and dribbling exercises. The flexible structure of the model creates the feeling of a real competitor and helps me improve myself better.

Sports School Owner Damla Ç. :

We started using the Iceman Training Dummy in our sports school and the results are amazing! It enables our students to be more motivated in their training and improve their techniques. It pleases us with its ability to be used in various sports and its durability.

Sports Club Owner Tolga A.:

Iceman Training Manikin has become an indispensable part of the training in our sports club. It both helps young athletes develop their basic skills and takes the performance of advanced players to the next level. It is a high quality product and has been appreciated by everyone in our club. They also made great contributions to our corporate image.

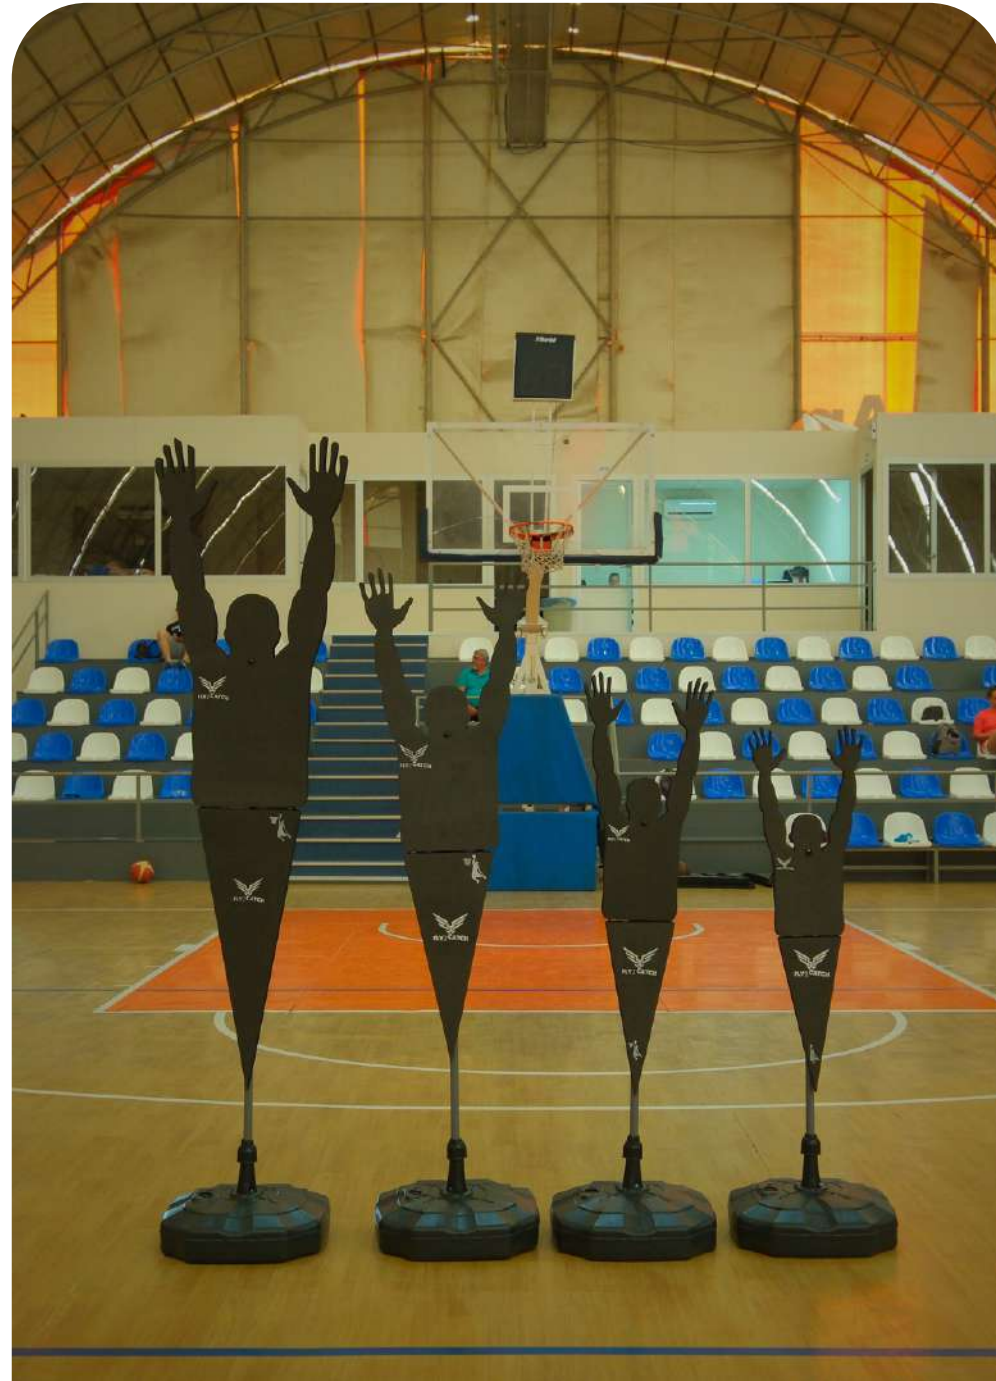

Athlete Parent Ayhan T.:

We purchased the Iceman Training Dummy for my son and we are very pleased. A great option for extra training outside. Its height is adjustable and it has a solid structure. It contributes greatly to my son's development of basketball skills. I definitely recommend it!
